RE: Phone call of September 7

Dear Mr. Weisberg:

It was an experience and a pleasure to speak with you yesterday -- even though Interpol was not in your reservoir of research.

Enclosed you should find a photocopy of my Study entitled, "A Report on Some of the Conspiratorial Elements in the Assassination of the Reverend Doctor Martin Luther King, Jr. as Covered by the New York Times and Other Print Media".

In the meantime, I will attempt to pursue leads and sources on Interpol and shall await your reply at your leisure and convenience.

Sincerely yours,
James Fraley

P.S. It might interest you to know that excerpts of your appearance on "Black Journal" were aired on my newscast over W-C-B-N (FM), Ann Arbor.
